Department of Health

Objectives

Child Assessment Service launched in 1977, provides comprehensive assessment services for children with developmental problems, followed by rehabilitation recommendations, with the goal of maximizing the potential of children with special needs.

Age range of children served

For children under 12 years of age.

Services provided

The multidisciplinary assessment team consists of Developmental Paediatrician, Clinical Psychologist, Medical Social Worker, Audiologist, Speech Therapist, Optometrist, Physiotherapist, Occupational Therapist, Health Nurse and Other supporting staff.

The team will provide comprehensive assessment (e.g. physical, psychological, social aspects), interim therapy and support, and referral to and coordination of rehabilitation services (e.g. training, education, care) to meet the individual needs of children and families.

How to obtain service

Only referrals from registered doctors and psychologists are accepted, and on a regional basis. Parents are advised to contact the nearest Centre for further details on registration and appointment booking procedures. Please bring along the referral letter, original copy of the child's birth certificate or identity card, identity cards of both parents (photocopies are accepted), residential address proof (photocopies are accepted) and a recent snapshot of the child during the first visit.

Opening hours

Monday to Friday: 9:00 am to 1:00 pm
2:00 pm to 6:00 pm

Note: To cater for the needs of some clients, we will operate one morning session on the first non-Public Holiday Saturday of each month in lieu of the previous Friday afternoon service.

Fees

As for specialist clinics.

For enquiry, please phone (see next page) the centre in your region for further assistance.
